

# INDIVIDUAL PACKAGING RECOMMENDATIONS

## Motor or Large Machine Packaging

**IDEAL FOR:** engines  
motors  
machinery  
pumps  
turbines  
power train components

For complicated and expensive equipment such as an engine, a combination of high quality VCI products in different forms is necessary.

Please note that these recommendations are based upon "Best Practices" developed by ARMOR Protective Packaging® professionals in conjunction with our customers. Since every situation is different, ARMOR recommends conducting a "real life" test shipment for best results.
