

ERADICATORS OF RUST

EST 1979

**BEN FRANKLIN WROTE THAT
DEATH AND TAXES WERE THE
ONLY TWO CERTAINTIES IN LIFE -
WE THINK HE SPOKE TOO SOON.**

**WE FIGURE IF THE "POWERS
THAT BE" CAN RESHUFFLE THE
FOOD PYRAMID AND TAKE PLUTO
AWAY FROM US, SURELY WE CAN
UPDATE OLE BEN'S ADAGE.**

SO WE DID.

At ARMOR, we believe in this world nothing can be said to be certain except death, taxes and RUST. Clearly, Mr. Franklin never attempted to transport 4000 brake rotors from Boston to Detroit and place them in storage for 6 months before assembly. If he had, we are certain rust would have made his original list.

RUST HAPPENS

IT'S A NATURAL PROCESS OF UTMOST CERTAINTY. IF METAL IS EXPOSED TO MOISTURE AND OXYGEN, IT BREAKS DOWN AND CORRODES. SO, UNLESS MEASURES ARE TAKEN TO PROTECT METAL, NATURE PREVAILS EVERY TIME. THAT'S WHERE WE COME IN.

We are Armor Protective Packaging® (you can call us ARMOR), the experts that provide the tools to combat nature. We've been at this a long time. As a result, we save our customers a bunch of time, money and effort to keep their metal parts rust-free and keep nature at bay.

ARMOR POLY® FILMS:

ARMOR POLY VCI FILMS PASS THE TOUGHEST TESTS THE VCI INDUSTRY HAS TO OFFER AND ARE APPROVED AT MANY OF THE LARGEST OEMS IN THE WORLD. USING CUTTING-EDGE EXTRUSION TECHNOLOGY AND OUR PROPRIETARY VCI NANOTECHNOLOGY™, ARMOR FILMS ARE RECYCLABLE, COST-EFFECTIVE AND OF COURSE, CLEAN, SAFE AND EASY TO USE. THAT'S HOW WE ROLL!

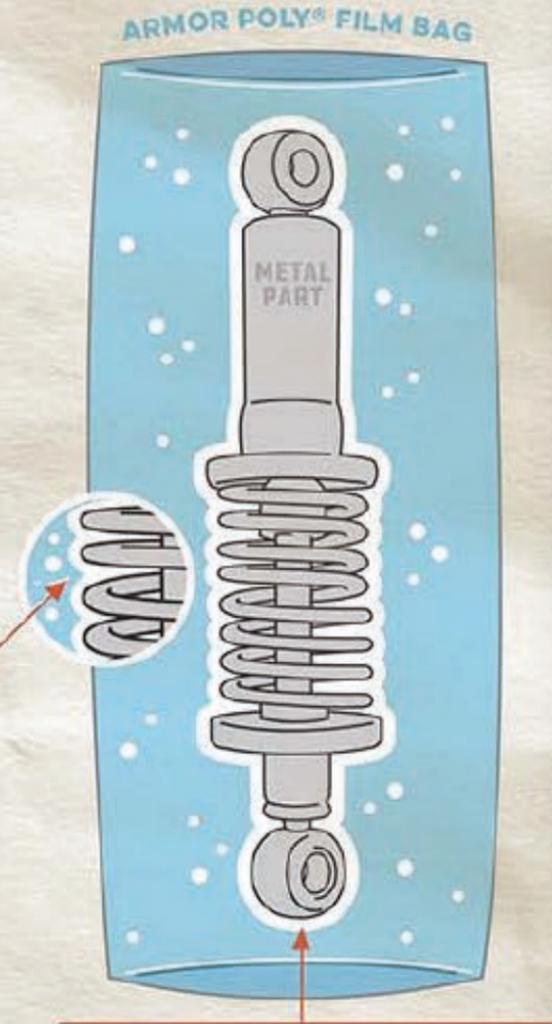

OUR TOOLS

WE PRODUCE VCI (WHICH STANDS FOR VAPOR CORROSION INHIBITOR) TECHNOLOGY. YEAH, IT'S A HECK OF A MOUTHFUL, BUT IN A NUTSHELL, VCI IS THE "SECRET SAUCE" WE INFUSE INTO OUR PRODUCTS TO FIGHT OFF THE UNWANTED ADVANCES OF RUST.

How does it work.

Simple. You take a metal part(s) and enclose inside an ARMOR product. VCIs kick into action filling up the vapor space inside the container or packaging. VCI inhibiting ions are attracted to the metal and **create a blanket of protection** around it only 2-3 molecules thick that repels rust and all its evil intentions. Wa-lah! Secret revealed.

ARMOR'S PROPRIETARY NANO-COATING ON THE SURFACE OF THE METAL PREVENTS CORROSION

SOLUTIONS

OUR VARIOUS PAPER AND POLY PRODUCTS ARE NOT THE ONLY TOOLS IN OUR BELT. WE OFFER AN ARSENAL OF RUST PREVENTION AND RUST REMOVAL TOOLS FOR JUST ABOUT ANY APPLICATION ACROSS THE GLOBE.

As you can see, ARMOR isn't a one-product wonder. We cover all the bases for any corrosion case. Whether it's rust removal or prevention, in storage or transit, we have you covered 24 hours a day, 7 days a week, in over 25 countries. We know better than anyone that rust never sleeps, causing more and more havoc in its wake. Kinda like the Energizer[®] Bunny, it just keeps going and going and going...

BLAZING TRAILS

WE'VE NURTURED AND SHAPED THIS INDUSTRY FOR NEARLY 40 YEARS. WE'VE BEEN INNOVATORS AND LEADERS.

So it shouldn't be a surprise that ARMOR is once again taking the lead and changing the way business is done by introducing **Stock & Ready™**. It has transformed our business by lowering costs and accelerating delivery for our customers. We do that by converting custom orders to comparable stock items (3X the industry average of stock products) and getting them out the door into the hands of those that use them, in record time.

ARMOR STOCK & READY™

IT'S MORE THAN A NAME, IT'S OUR NEW WAY OF DOING BUSINESS. EASY ORDERING AND CRAZY QUICK TURNAROUND. IN SHORT, ANY ITEM ON OUR STOCK & READY™ PRODUCT LIST IS READY TO SHIP AT THE DROP OF A HAT. YOU CAN'T GET EASIER THAN THAT!

BEFORE WE FORGET

(WHEELS SCREECHING SOUND EFFECT)
WE HAVE A CONSUMER BRAND AS WELL. IT'S NOT A SMALL THING, BUT IS SOMETIMES OVERSHADOWED BY ARMOR'S INDUSTRIAL SUCCESS. WE CALL IT WORKSHOP HERO™ AND IT CAME INTO EXISTENCE KINDA OUT OF NECESSITY.

You see, as engineers and plant managers found out how well Metal Rescue® Bath worked on removing rust we started getting requests for smaller sample sizes. Come to find out they were taking samples home to derust their hot rod and Harley parts, shotguns, fishing tackle and damn near anything rusty in their workshop they wanted to look new again. And BOOM, just like that, Workshop Hero™ was born. It didn't take a genius to see that we might be on to something with our water-based rust remover that is safe on everything except rust. Two products later (Dry Coat™ RP and Metal Rescue® Gel) you can find us in tens of thousands of retail locations across USA and Canada.

Necessity really is the mother of invention.

WE CAN'T TALK ABOUT GREAT PRODUCTS AND SERVICES WITHOUT TALKING ABOUT THE PEOPLE BEHIND THEM -

those that walk the walk and proudly call themselves ARMOR. Without question they are the secret ingredient that separates us from the rest of the pack. From Michigan to Singapore our goal is the same. We go the extra mile. We do it with a smile. We Take the Work Out of Your Workday. In doing so, we have a little less work ourselves, so once in a while we go catch and release a few cold ones as we set sail in search of some Pure Michigan!

To attract the best and the brightest, we know we need to be one of the best and coolest places to work. In fact, we have been awarded both those official titles by Crain's and Inc Magazines. We were given those lofty kudos by creating a different kind of work environment - from our unique physical building designed for work and play to our core values and the amazing people we employ.

We believe good people make great employees and great employees do good things. That is why we emphasize good citizenship. It's as important to us as passion, performance and great hair. That is why we created the VALOR program that allows for each employee to receive 24 hours a year of paid time-off to volunteer and make a real difference in their community.

WE ARE ARMOR

WE LOVE WHAT WE DO. WE LISTEN. WE RESPOND. WE ACT. WE LEARN. WE MAKE MISTAKES. WE FIX THEM. WE BELIEVE PEOPLE & RELATIONSHIPS COME FIRST. WE BELIEVE PROFITS WILL FOLLOW. WE MEAN WHAT WE SAY. WE SAY WHAT WE MEAN. WE DELIGHT THE CUSTOMER. WE SHOW UP EARLY. WE LEAVE LATE. WE KNOW GOOD IS THE ENEMY OF GREAT. WE HAVE BIG HEARTS. WE ARE AUFUNTIK. WE ARE MICHIGAN MADE. WE LOVE THE TIGERS. WE PRAY FOR THE LIONS. WE DEPEND ON THE REDWINGS. WE TAKE THE WORK OUT OF THE WORKDAY. WE LIVE THIS.
