

ARMORPOLY

RUST PREVENTION VCI FILM

A MULTIFUNCTIONAL FILM FOR MULTI-METAL PROTECTION

Whomever said “You can’t fight Mother Nature” never met Armor Protective Packaging® and its “rust busting” line of VCI poly film. While ol’ Mother Nature generates many of the conditions that cause corrosion – heat, moisture, humidity – ARMOR POLY® VCI Film is designed to protect ferrous and non-ferrous metal from her wrath.

ARMOR POLY is produced with high-tech resins that release ARMOR’s proprietary VCI (vapor corrosion inhibitor) Nanotechnology™ to protect metal. When a metal part is enclosed in ARMOR POLY it emits VCI vapors that attach to the surface of metal and form a superhero-like force field of protection only 2-3 molecules thick to repel rust and all of its metal-damaging powers.

ARMOR POLY is clean, safe, easy-to-use and easy on the environment, with its minimum 30% recycled content and its recyclability, it not only protects metal parts, it protects the planet.

ARMOR POLY BENEFITS

- **EASY-TO-USE** rust prevention & containment/barrier
- **CONTINUOUS PROTECTION** up to 3 years rust-free protection
- **SAFE** rust prevention free of oils, solvents and other harsh chemicals
- **ORDER OPTIONS** rolls, sheeting, bags, tubing, shrink film (1-12 mils thick)
- **SUSTAINABILITY** contains a minimum of 30% recycled content; recyclable & in some cases reusable
- **INNOVATIVE TECHNOLOGY** available in high strength, long-term storage
- **STOCK & READY** largest selection of stock products in the industry
- **SEEING IS BELIEVING** Bright Idea Technology™ provides visible proof of VCI

ARMORPOLY

RUST PREVENTION VCI FILM

USE ARMOR POLY® TO PREVAIL OVER RUST AND CORROSION

Protecting your metal parts from rust and corrosion while they are in process, in storage or in transport is serious business and it's ARMOR's business. We call ourselves Eradicators of Rust and with our clean, safe and easy approach to rust prevention we're hoping to eradicate messy grease and oil rust prevention methods too.

WE LIKE TO SAY THAT ARMOR POLY OFFERS THE ONE-TWO-AND-THREE PUNCH TO RUST!

- 1** ARMOR POLY is the everyday "work horse" providing a physical barrier to prevent moisture and to keep metal parts clean and dry.
- 2** ARMOR's proprietary VCI Nanotechnology™ is released and forms a blanket of protection on surface of metal.
- 3** Our film glows under black light to provide visible proof of VCI thanks to ARMOR's patented Bright Idea Technology™

All items on the Stock & Ready™ product list are in-stock and ready-to-ship with no order minimums.
