

ARMOR VCI

USAGE GUIDE

Use gloves when handling parts to eliminate rust caused by fingerprints.

REMEMBER:
Use **ARMOR VCI**
to prevent rust
& **Metal Rescue™**
to remove it!

Package parts as soon as possible for optimum effectiveness.

Avoid using VCI packaging that is soiled or damaged.

Seal bags and/or wrap product completely for best protection.

ARMOR WRAP® VCI papers are impregnated with VCI on both sides.

IMPORTANT
Be sure to keep metal covered in-process or during shipping

Place ARMOR VCI products between metals and acidic packaging materials.

DID YOU KNOW? ARMOR VCI PRODUCTS ARE VAPOR & CONTACT INHIBITORS
