

## IRON MAN 2

HOWELL, MI-BASED ARMOR PROTECTIVE PACKAGING STARRED ALONGSIDE ACTORS ROBERT DOWNEY JR., SCARLETT JOHANSSON AND GWYNETH PALTROW IN THE BLOCKBUSTER "IRON MAN 2." TWO OF THE COMPANY'S PRODUCTS DID, ANYWAY! ONE OF THE COMPANY'S BLUE ARMOR POLY@ VAPOR-CORROSION INHIBITING BAGS AND ARMOR WRAP@ VAPOR-CORROSION INHIBITING PAPER ARE SEEN WHEN TONY STARK (DOWNEY) IS ASSEMBLING A NEW "ARC REACTOR," WHICH HELPS PROTECT HIS HEART FROM SHRAPNEL EMBEDDED NEARBY THE VITAL ORGAN. VAPOR-CORROSION INHIBITORS, OR VCIS, PREVENT METAL FROM RUSTING. ARMOR PROTECTIVE PACKAGING'S LOGO IS SEEN ON THE VCI PAPER DURING THE FRANTIC FILM SEQUENCE ABOUT MIDWAY THROUGH THE 124-MINUTE FILM.

A MOVIE EXECUTIVE CALLED DAVID YANCHO, VICE PRESIDENT FOR ARMOR, ABOUT A YEAR BEFORE THE FILM CAME OUT, REQUESTING AUTHENTIC CORROSION INHIBITING PRODUCTS THAT MIGHT MAKE IT ON THE BIG SCREEN. IF THE STUDIO WANTS TO SAVE THE MOVIE AS WELL AS THE IRON MAN COSTUME FOR POSTERITY, IT WILL SWATH THEM IN THE ANTI-CORROSIVE ARMOR PRODUCTS AND CALL IT A WRAP!
